Method & Production

San Marco 1592 beer is named after the historic Alpine pass connecting Val Brembana and Valtellina, accessible via the Via Priula—a road of strategic and commercial importance opened in 1592. Inspired by a German-style helles lager.

Tasting Notes

This beer offers delicate floral aromas enriched by subtle sweet malt notes. Its pale gold clarity reflects the freshness and authenticity of its ingredients. Topped with a fine, compact foam, it preserves the beer's inviting aromas while enhancing its soft, balanced body, delivering a refined and enjoyable drinking experience.
