Method & Production

This Negroni is a premium quality, pre-mixed, barrel aged cocktail. It is part of a collection in collaboration with the famous Jerry Thomas Speakezy Bar in Rome. Made from Vermouth Rosso, Dry Gin and Bitter. The light barrel aging is really soft, just enough to make the products smoother, through the use of old barrels.

Tasting Notes

Ruby red color, subtle sweetness (orange, red fruit) perfectly blended with punchy bitter notes. The gin adds its own botanical accents while the sweet vermouth tempers it all. It's spirit forward, yet very easy drinking.
