CASCINA TETTI

Piedmont, Italy

Cascina Tetti was born as a project dedicated to enhancing the youngest vineyards in the municipality of La Morra, in the heart of the Langhe. These vineyards, in the first years of their life, offer wines with a fresh, exuberant and immediate soul, capable of describing the territory in a more direct and accessible language.

The objective is simple but ambitious: to offer a way into Barolo, allowing you to discover the qualities of this great wine right away, while the vines mature and prepare to give life to more complex and long-lived expressions. Cascina Tetti is therefore a bridge between youth and tradition: a reality that preserves the seriousness of classic winemaking and combines it with the liveliness of young fruit, to give life to wines that combine freshness, authenticity and territoriality.

Barolo Monsorí is a classic Barolo with perfume, brightness, and seamless drinkability at a surprising price point. Approachable yet serious—perfect for those curious about Nebbiolo without breaking the bank. Polished tannins and fresh acidity lead to a long, persistent finish, showing both immediate appeal and excellent ageing potential.
