

# NOAH

## NOAH Piemonte, Italy

*"The 2023 Coste della Sesia Rosso Noah is a terrific entry-level offering. A blend of young-vine Nebbiolo with old-vine Croatina and some Vespolina, the Rosso Noah has a ton to offer. Macerated red cherry, spice, tobacco, dried herbs and blood orange are nicely pushed forward. The savory, earthy finish is quite attractive. There's gorgeous precision and cut here."* **92 points, Antonio Galloni, Vinous (February 2025)**

*"The 2020 Bramaterra Rocce di Luce is a powerful, dense wine. Succulent dark red/purplish fruit, lavender, rose petal, leather and spice are all dialed up. This is an especially exuberant offering, in keeping with the style of all these wines. I would not dream of touching a bottle anytime soon, even if the 2020's alluring personality will be hard to resist."* **95 points, Antonio Galloni, Vinous (November 2023)**

Noah is an exciting young winery based in the small town of Brusnengo, in the province of Biella in Northern Piedmont. It is the viticultural brainchild of Andrea Mosca and Giovanna Pepe Diaz who, in 2010, decided that a career change was necessary in order to follow their passion for wine. The husband and wife team had a mutual yearning to live off the land and so, in a bid to change their lifestyle and that of their two children, they purchased 3.8 hectares of vineyard within the Bramaterra DOC. Andrea and Giovanna have a holistic approach to winemaking, they believe strongly that "wine is the harmonious meeting of man and nature." A view that we very much share!

The Noah vineyards sit between the two growing areas in Brusnengo – Mesola and Forte – and the grapes grown here can be made into the wines of Bramaterra DOC or Coste della Sesia DOC – Noah produces both. Noah's production is led by Nebbiolo but there are parcels dedicated to Croatina, Vespolina and Uva Rara.

Brusnengo sits upon volcanic, porphyry rock and there are great differences between the topsoil within the growing area. Here, the unique microclimate of cooling breezes and warming soils guarantees a slow and complete ripening of the all of the varieties and results in wines with full and complex flavours.

The Bramaterra DOC is a relatively small appellation in Piedmont with the ability nevertheless to produce outstanding wines. Nebbiolo dominates the blends but the DOC allows for flexibility in small percentages of other varieties. Noah's Bramaterra is comprised of 70% Nebbiolo, 20% Croatina and 10% Vespolina and is a beautifully balanced wine with flavours of cassis, cherries, wild strawberries, white truffle, rose water and orange marmalade and blending together seamlessly, followed by a wonderfully firm and mineral finish.
