

(Vino Nobile di Montepulciano 2017) "Salcheto checks all the boxes. The winery is powered by renewable energy, water waste is 100% recycled, no sulphites are added during vinification and the entire production is certified organic and packaged in lightweight bottles. Above all, the Vino Nobile tastes delicious. It is a clean and immediately appealing style, offering complex cedar, earth, tea and balsamic nuances atop fresh fruit. Full-bodied and full of character, this is rich yet fresh and seductively textured style with polished tannins." 92 points, STANDOUT PRODUCER, Tuscany's New Releases by Michaela Morris, Decanter (August, 2019)

SALCHETO

Toscana, Italy

www.salcheto.it

Salcheto is named after the Salcheto stream that runs through this hilly, 21 hectare property. Located in the heart of Montepulciano, Salcheto is dedicated to Sangiovese in the clonal guise of Prugnolo Gentile: the soul of Vino Nobile. Prugnolo Gentile differs from other Sangiovese clones in Tuscany offering softer, more plum-like flavours than the usual black cherry. If we are allowed a sweeping generalisation, Prugnolo Gentile provides a mid-ground between the robustness of Brunello and the elegance of Chianti.

Under the management of Michele Manelli, Salcheto has become the epitome of environmental efficiency. It is the first estate in the whole of Italy to be fully self-sustainable and their energy independent cellars are a model of innovation and efficiency. Even the bottles they use are the lightest and most economically friendly bottles available!

All Salcheto's wines are made without the use of sulphites and fermented using indigenous yeasts. The Vino Nobile's are made from 100% Prugnolo Gentile, while their Chianti contains Prugnolo Gentile, Canaiolo, and Mammolo. And more recently they have released a range of natural wines under the label 'Obvius'. Salcheto's range all share accuracy, a great deal of finesse, and phenomenal drinkability.
