(Lugana Selva 2016) "Fragrant and fresh, this vibrant wine offers alluring scents field flower and white stone fruit scents. The creamy palate delivers white peach, honeydew melon and citrus flavors, brightened with crisp acidity." 91 points, Kerin O'Keefe, Wine Enthusiast, January 2017

SELVA CAPUZZA

Lombardia, Italy

www.selvacapuzza.it

The Selva Capuzza estate is located 6 km south of Lake Garda and it sits in the heart of the two main DOC areas of Garda Classico and Lugana. The 50 hectare farm is owned and managed by the Formentini family and today produces some of the most interesting white and red wines on the Brescia side of the Garda Lake.

The entry level Lugana is pure and refined with classic floral character well supported by the lively, mineral acidity. The Lugana Riserva is simply one of the best expressions of the Trebbiano di Lugana grape that we have ever tasted. It offers precise and mature floral notes and yellow fruits on the nose with a round, complex palate that is very long and clean. The Campo del Soglio is made from 100% Friulano and displays rich and full body character without compromising on drinkability. The two balanced and refined red wines are classic examples of the medium-bodied wines of the Garda. The Gropello is bright and lively with raspberry fruit, and new to the range is the pale and fresh Chiaretto Garda Classico Rosé.
