

Product Fact Sheet October 2024

# VALDOBBIADENE DOCG PROSECCO SUPERIORE 'BOSCO DI GICA'

## Veneto, Italy Adami

## www.adamispumanti.it

#### Method & Production

Vinification: light pressing with bladder presses, settling of must, fermentation at controlled temperatures (18-20°C) with cultured yeasts. Contact with fine lees in stainless steel for three months. Second fermentation "Metodo Italiano" in steel pressure tanks. Second fermentation temperature 15-17°C. Cold tartrate stabilisation (-4 $^{\circ}$ C). Tight filtration before bottling to remove spent yeast from the sparkling wine. Cycle length: approx. 40 days.

#### **Tasting Notes**

Straw yellow colour. Creamy mousse and delicate, long-lasting bead. Rich on the nose, with excellent fruit, releasing scents of yellow apple and peach, with notes of wisteria and acacia blossom. Wonderful balance and elegance complement a pleasurably crisp spiciness. Delicious vein of acidity on the palate, displaying crisp, savoury mouth feel. Generous, lingering flavours nicely mirror the nose and achieve perfect balance.

### Food Matching

Ideal as an aperitif, but also a wine to be enjoyed throughout a meal. Excellent with fish, shellfish, and other seafood. Goes well with any light, delicate dish.
