

APERITIVO 'BERTO'

Piemonte, Italy

Antica Distilleria Quaglia

www.distilleriaquaglia.it

Method & Production

This elegant liqueur is made by infusing the distilled spirit with botanicals of fresh orange peel, gentian root and rhubarb.

Tasting Notes

This is a bright, young and vibrant Aperitivo liqueur with sweetness and bitterness in perfect balance. Alongside the botanical flavours and aromas of gentian root, rhubarb and orange peel, there are also delicate hints of ginger and Italian citrus fruits. It boasts a lovely weight on the palate; light and bright but with a certain roundness which harmonise and tone down with the classic bitterness.

Food Matching

Perfect on it's own or as an essential ingredient for many Italian cocktail recipes.
