

OBVIUS ROSSO - ORGANIC

Toscana, Italy
Salcheto

www.salcheto.it

Method & Production

The Salcheto Obvius Rosso is made with grapes from the younger Prugnolo Gentile vines in the Vno Nobile vineyards. Fermented and matured for four months in stainless steel and left to rest in glass for another six months. Salcheto ensure it is made with the highest quality grapes, with the quickest, most delicate transportation from vineyard to winery, with 100% sustainable, utilizing CO2 fermenters and with bottling and aging in complete absence of oxygen with no added sulphites.

Tasting Notes

This is a fruit-focussed, fleshy expression of Prugnolo Gentile. It shows intense dark fruits on the nose of black and red cherry, ripe blackcurrants and juicy berries. The use of stainless steel and exclusion of oxygen in the winemaking process has ensured the wine stays fresh, with a bright acidity that lifts depth and intensity of the luscious fruit flavors.

Food Matching

Excellent with robust, rich pasta dishes.
